**Commentato [A1]:** Do not remove or modify the Copyright paragraph.

Commentato [A2]: The abstract shall contain a concise summary (maximum length 20 lines)

**Commentato [A3]:** The introduction shall outline the concepts developed in the study and the methods applied to expand them.

Commentato [A4]: The paper shall describe the theory and the supporting data illustrating tests performed as well as pointing out any new information about the topic dealt with. Subheads can be used to organise the text into sections. Thoughts and ideas shall be organised to lead the paper to a logical conclusion and developed straightforward, avoiding unnecessary words and phrases.

Commentato [A5]: Data and results shall be presented in the clearest form whether it be text, graphs or tables. Please number tables, figures and graphs consecutively and provide them with essential captions underneath

underneath.'
If using <u>graphs or figures</u>, make sure all illustrations have adequate contrast.
If using <u>tables</u> make sure they are placed on one page

only, unless it is necessary to occupy more than a full page. Avoid tables whenever graphs can better illustrate your data.

If using  $\underline{\text{symbols}}$ , list them alphabetically in a formal nomenclature.

Figures shall be organised in the simplest form. Use only as many grid lines as necessary. Avoid graphs on log-log or semilog grids.
