OFFSHORE MEDITERRANEAN CONFERENCE & EXHIBITION

Italian Section

SPE STUDENT PAPER CONTEST AND ENERGY PROSPECT WORKSHOP

The SPE Italian Section's contribution to OMC 2019 will be a student paper contest and lectures on current Energy Prospects dedicated to students and professionals alike.

Agenda

March, 28th 2019

14:00	Introduction by the SPE Italian Chairman
14:15	SPE Student Paper Contest Presentation
14:30	MSc Presentations
15:15	PhD Presentations
16:15	Energy Prospect Workshop: lecture series organized by SPE Italian Section
17:30	Award Ceremony

MSc and PhD students are invited to participate in the "SPE OMC 2019 student paper contest" focused on the Oil & Gas industry and energy transition.

The program has two separate categories: **MSc and PhD**.

Students shall submit an abstract (with title) of their research activities, max 300 words, **before January 14th 2019**. A technical committee will evaluate the received abstracts and will select 2 for each category. The 4 selected abstracts will be presented by their authors at OMC 2019. Participants must be currently enrolled in MSc or PhD courses at their university.

Mandatory presentation rules (for the selected 4):

- ♦ Duration: Max 15 minutes
- ♦ Language: English

Both technical content and overall quality of the presentations will be evaluated by the committee. At the end, the committee will give out three awards:

- ♦ Best presentation in terms of technical content for the MSc category
- ♦ Best presentation in terms of technical content for the PhD category
- ♦ Best overall quality presentation
