**MAURIZIO MARZOLA - Energean**  
Senior Reservoir Engineer

Maurizio Marzola holds a MSc degree in Petroleum Engineering at Politecnico of Torino and has 10 years experience in reservoir engineering & production operations. During his path in the Oil&Gas industry he covered different roles in Egypt, Italy and The Netherlands. At Edison he was involved in reservoir engineering, production optimization and underground gas storage projects; in 2019-2021 he covered the role of Reservoir/Production Manager in Egyptian JV (Abu Qir Petroleum).

Currently Maurizio is Senior Reservoir Engineer at Energean Italy and he's engaged in Company's flagship project in Israel.
